**S-8**

**Part A**--Using the same novel you read this summer for Mrs. Perez (English 10 Honors), create a timeline of important events from your book. **On a blank sheet of printer paper (8 ½ by 11 only)**, create a chronological timeline of 25 important events from the novel using only material from within the book. This will be evaluated on its thoroughness, neatness, and creativity. You can use colored paper and/or colored pencils or markers if you would like.

**This must be completely done by hand. No typed work will be accepted.** Make sure to include 25 important events from the book in chronological order. A complete heading can be placed on either the front or the back of the timeline. Keep in mind these may be displayed within the classroom.

If you need more room, you can use two pieces of paper to complete the timeline but one is preferred.

**Part B**--In addition, please write 3 paragraphs (5 to 8 sentences per paragraph) explaining what you learned in reference to history while reading your book. Your novel is set during a specific time period or event in history so it's important to know the historical context of the story to fully understand it. You can mention specific dates, events, movements, but be sure you specifically tell me what you learned about history by reading this book.
